Note: The Air Jordan 4 (IV) Retro 2000 - White / White - Chrome are very similar to the Air Jordan 4 (IV) Retro - Pure Money \$ (White / Metallic Silver), but instead of the plastic mesh, they feature perforations, which act as the ventilation system. The two sets of lacing straps / tabs feature a chrome look, which are nice touches to the shoe. These, as well as the Air Jordan 4 (IV) in general, are instant classics, and are hard to come by, especially in deadstock condition.
